Can you please send the data with the appropriate caveats and include the fact that the final qa qc data will follow soon. The data is not to be released.

Thanks  
Ed

I haven't heard back from my chemist reviewing Wayne's data package. If he returns weds as he said, we can have it by This Friday. If not I will have to reassign the review and earliest will be Monday or Tuesday next week.

Hi George,

It was nice chatting with you this afternoon. I wanted to follow up on our discussion and ask for an approximate timeframe for the QA/QC of the data. If it will take a while, we will release the draft data (with appropriate caveats) to Ohio EPA as they are urgently requesting it.

Thanks,
